Subject: AGIA Forum Speech

Good morning, Governor.

Attached is the forum speech that should last roughly 25 minutes.

Kurt and Bruce have reviewed and marked it. This speech is in its final form from us. As you will see, Thursday's speech was the foundation for this speech and much of the basis of the Forum speech comes from the press conference remarks. Where this speech differs is in the expansion of the details to address some of the critics over the last few days in a very positive way.

Do not hesitate to repeat yourself. This speech should sound more like your State of the State address in that this is the first time many in the public, including legislators, will hear your words directly from you and not deciphered through the media. This speech will reach not only those here in town, but throughout our state, including in our rural villages. This is the first time in awhile that many will hear you speaking about this so you want to make sure that the whole package is there and explained thoroughly for those watching. Additionally, this is the speech that will be recorded for historical purposes and so a complete picture for those purposes is important as well.

Please let us know if you have any questions / changes.

Thanks,

Meg

Governor - I just received word that Time Magazine wants to not cancel if you are still available at 11:00 a.m. (AK Time). This would fit with your schedule as the Bill Signing today could not be changed to an earlier time as Senator Wielechowski is touring Correctional Facility. The Bill Signing is at 2:30 p.m. Janice

Not your fault bc it was confirmed for the event organizer that someone from the Gov's office would be there (as evidenced by their printed program announcing Gov's Proclamation following Pres Proclamation), if not me then someone else... so if I had not been able to attend surely someone on staff (Mark, Colleen, Rosanne, Jerry, McHugh, etc) was planning on being there - and someone would have the proclamation in hand. I was worried that something happened to Jerry (or McHugh) on the way out, as he was on board to do the Valley event, per Kris and Janice's email from that morning.

We can make sure event organizers have in their possession a copy of proc's in the future - I noticed her binder had not only her talking points but all items others were planning to present.

Also, with that event, I could have done both the Anchorage and Valley events afterall, as Stevens attended both and wasn't late for ours... I had been under the impression we couldn't do the big Anchorage event bc a choice had to be made due to their overlapping. Hopefully we can sched better these external events that mean a lot to folks so I can do as much as possible for them. Thanks

Governor - we are looking to confirm this for today at 2:30 p.m.

I also just received word that the Time Magazine interview for 11:00 a.m. Today has just cancelled - apparently the reporter messed up on his calendar and is not in the office this week. I am on the way to office and will get your schedule updated. Janice

Subject: Re: Military

Not your fault bc it was confirmed for the event organizer that someone from the Gov's office would be there (as evidenced by their printed program announcing Gov's Proclamation following Pres Proclamation), if not me then someone else... so if I had not been able to attend surely someone on staff (Mark, Colleen, Rosanne, Jerry, McHugh, etc) was planning on being there - and someone would have the proclamation in hand. I was worried that something happened to Jerry (or McHugh) on the way out, as he was on board to do the Valley event, per Kris and Janice's email from that morning.

We can make sure event organizers have in their possession a copy of proc's in the future - I noticed her binder had not only her talking points but all items others were planning to present.

Also, with that event, I could have done both the Anchorage and Valley events afterall, as Stevens attended both and wasn't late for ours... I had been under the impression we couldn't do the big Anchorage event bc a choice had to be made due to their overlapping. Hopefully we can sched better these external events that mean a lot to folks so I can do as much as possible for them. Thanks

Subject: Re: Military

Not your fault bc it was confirmed for the event organizer that someone from the Gov's office would be there (as evidenced by their printed program announcing Gov's Proclamation following Pres Proclamation), if not me then someone else... so if I had not been able to attend surely someone on staff (Mark, Colleen, Rosanne, Jerry, McHugh, etc) was planning on being there - and someone would have the proclamation in hand. I was worried that something happened to Jerry (or McHugh) on the way out, as he was on board to do the Valley event, per Kris and Janice's email from that morning.

We can make sure event organizers have in their possession a copy of proc's in the future - I noticed her binder had not only her talking points but all items others were planning to present.

Also, with that event, I could have done both the Anchorage and Valley events afterall, as Stevens attended both and wasn't late for ours... I had been under the impression we couldn't do the big Anchorage event bc a choice had to be made due to their overlapping. Hopefully we can sched better these external events that mean a lot to folks so I can do as much as possible for them. Thanks

Governor:

I will check with Kelly on a bill signing event for the hunting / fishing licenses.

On the proclamation, I have to take full responsibility. I should have had Abby print out the proclamation and get a copy on your desk. I also thought Mr. Beale would attend with the proclamation. In the future, I will have proclamations printed out and forwarded to Kris to hold.

Subject: Support Kincaid Park Project

Dear Governor Pallin,

I'm writing to ask you to approve funding for the Kincaid Park Project in the Capital Budget.

This is an investment that fits squarely under the government's obligation to promote the general welfare. With governments increasingly playing roles in funding treatment of and dealing with mental and physical health problems that are in part attributable to insufficient activity, a wise government will invest in developing healthy active recreational venues for its citizens. Kincaid is an investment that will pay tremendous public health dividends for the community. And the benefits extend beyond the wholly sufficient objective of promoting public health. A world class nordic ski facility stands to bring much attention and visitors to Anchorage in coming years, which will benefit the local economy.

Sincerely,

Dr. Erika Monahan
University of Alaska Anchorage
Dept. of History

PS—Congratulations on your new addition to your

Media Advisory

Mayor to Propose Long-Term, Sustainable Energy Priorities for Alaska

Mayor Mark Begich will announce his long-term energy priorities for Alaska in response to Governor Palin's energy relief plan in the Mayor's Conference Room at City Hall, 11:30 a.m., Wednesday, May 28.

The mayor's recommendation to the state and legislature includes a four-part proposal to augment to the immediate emergency measure proposed by the governor and totals approximately $650 million.

Subject: Senate Judiciary Committee Hearing / Cathy Roemmich - MTAB

Governor:

The Senate Judiciary Committee hearing was full of inaccurate allegations by the union. I spoke with Joe and I think he fended the attacks off fairly well. However, media and reporters who want to try and make a headline probably have a lot of comments from the union to pick from. Hopefully, they will report Joe's comments as well.

Union manager Brad Wilson again misrepresented the content and results of his meeting with Mike Nizich and myself. The only request the union made at our meeting was a demand that Joe be fired immediately. Within days, we arranged a meeting with Joe where the union could discuss and hopefully resolve some of its issues. The union refused to attend.

I think the bottom line with most of the legislators at the committee hearing is they want the union to get back to the table and work with Joe. Joe again stated he is willing to meet with the union and we are looking at using a federal mediation service for a meeting at the end of June. The union has now hired Paul Fuhs as its lobbyist.

Ramras was particularly rude to Joe in his comments during the hearing.

Randy

On another note, Cathy Roemmich, Chair of MTAB asked that I pass along her appreciation for the funding in the budget for the ferry system and will be sending a thank-you letter in this week.

Subject: Proposed Bill Signing Appts - Wed June 4th

Governor,

After tomorrow, we will have 10 bills to sign by next Wednesday, June 4th. With AGIA being the main focus, I thought it might be a good idea to schedule one-hour on Wednesday morning and possibly a media event at noon in Juneau for bill signing. I have already checked with Janice and your schedule is available as long as you are in Juneau.

DATE: Wednesday, June 4th

TIME: 9am (1 hour)

WHERE: Governor's Office, Juneau (In-house, no media)

BILLS TO BE SIGNED W/ SPONSORS:

SB 57 Elton Marine parks additions (Elton has requested a signing at the University but time is too tight)

SB 119 Olson School library grants

SB 158 Kookesh Shirley Demientieff memorial bridge

SB 164 McGuire Used motor vehicle sales

SB 170 McGuire Insurance coverage for well-baby exams

SB 211 Davis Aggravating factor: homeless

SB 214 Huggins Hunting by military; Coast Guard (unless this is signed in a ceremony on Monday, the 2nd)

HB 268 Stoltze Burning motor vehicles on public lands

BILLS TO BE SIGNED W/O SPONSORS:

SB 8 Davis Mental health patients right to pick gender of staff (Privileged or Personal Materi)

SB 101 Ellis Guardianship & Conservators (already did a ceremonial signing for the bill)

Another alternative would be to pull all/any bills to do with crime and hold one media-related signing ceremony in Juneau - probably the Governor's Conference Room unless

Commissioner Monegan has a better idea – relating to crime issues. This ceremony could be sent out as a media advisory etc. If you'd like to do this, we'd need 30+ minutes on the same day, Tuesday, June 4th to sign SB 211 (above), HB 268 (above), SB 265 (Criminal omnibus bill), and perhaps HB 88 (TVs/monitors in vehicles), HB 193 (Police Standards Council), HB 286 (impersonating a public servant), and a few others I'll discuss with DPS.

If you like this as well, we could do this around the lunch hour so legislators could attend and not miss AGIA hearings: Wednesday, June 4th at noon for 30+ minutes.

Please let me know how you would like to proceed.

Thanks, Kelly

PS After this grouping is attended to, the next set of 14 bills will be due by Monday, June 9th; although not all require a signing event.

Subject: Speaking points for Wednesday's bill signings

Governor Palin,

Here are speaking points and basic event information on tomorrow's four bill signings, along with a map of the second floor of the Sheraton Hotel - the signing will take place in the Kuskokwim West Room. As of now, we have three legislators confirmed to attend: Senator Johnny Ellis, Representative John Coghill, and Representative Mark Neumann - although, Kelly tells me that Senator Ellis has invited others.

The event is not expected to last more than 10-15 minutes; but, if a crowd shows up, you may invite the legislators to speak on behalf of their bills, and this would undoubtedly lengthen the event time. It is difficult to predict the attendance at this time.

I will bring a printed copy of the remarks to the event for you. Please let me know if you have any questions - thank you!

Subject: RE: questions asked with reference to CHugach and other things

Date: 5-27-08
To: Chugach
Attn: Ms Logan
Ref: Questions i am trying to ask of AGIA and others (also, please forward my messages as any and all of my commentaries are public information....and i cant always e-everyone as i am not tooled up like i should be...)

Ms. Logan,,,,
If i can i will hope to attend your board meetings --Where do i pick up on that on the web site... forget that question--ill find it ......
... Tonight i will attempt to make your renewables meeting at 5: 30 at Chugach,,, I hope i can paticipate ?? BUt it is ok if I can only look on...
...maybe they could invite my comments...???

Look, the main reason i am eeing this is 2 things... one -- did I hear you Steve Haagenson and Chris Rose were comming befor the board ? If so when , because i would like to be there .... to hear what they have to say.......

The other reason is, to give to you a copy of some questions i am asking of AGIA...
I support AGIA -- thier intentions at the very least.... HOWEVER;; THEY, YOU, AND ALL OF ALASKA WHO LOVE S ALASKA, FREEDOM, FAMILY, AND OUR WAY OF LIFE AS (QUALITY OF LIFE) MUST SEE THIS REALIZATION TO LAUNCH A MAJOR HYDRO-ELECTRIC BACKBONE.....

PLEASE, GET SOME FRIENDS TOGETHER AND BEGIN THIS DISCUSSION..
Anyway, i submitted the attached questions to the RDA hosting of AGIA (they did have time to ask them) and these additional ones to Pat Galvin, Mike Doogan, Ramros, Trans-alaska ----and because they have the Chugach Electric Name refered to in their body... i felt you shold have a copy..

(((Also, please be aware that i am in the next few days starting to e-mail out many letters of comments to not just you folks, but others i have written too and in sending these letters out some may be inciteful, difficult, or need re-consideration..... i hope each one of thes letters has something of value in them.. because i wrote them to each entity with them personally in mind and in regards... other stuff was just thrown out there to see what workded or got traction or whatever!.... However: I do stand accountable for my words and actions...as in even those i wish i could take back and cant......))))

I am very excited about the possible future role Alaska could play via "Our Mother and Father Energies-- "This truly is the stuff dreams are made of" times for Alaska.....
It is important to me to know that i tried; At least, i truly tried, to make a better world for the real reasons in Lifes' mysteries....And it is my belief that others feel the same way, we all just get

a little lost, or off the trail for awhile, untill we realize whats happened ... Alaska is there now...!!! BIG TIME....
Thank You,,,

Paul D. Kendall

Ps. If i may, i am trying to learn up as many people as i can on a new society for alaska via Hydro-electric.... This should be discussed along with the AGIA process... I am fearful if it is not discussed now with agia ..... Please,,, it takes special people like yourselves, p-fund, AIDEA, AEA, and other important groups to give live and construction to make the transition for thought and dreams into Physical Constructs...

People like me are simply the messenger and stewarts of the message original form, content, intentions, and applications... we all have some role to play... you people must see the magnitude of the concept i am delivering to you....

> Rebecca, first, i am not sure if this is the second e-mail you are recieving from me or not-- i was just typing you and i lost all of the content...
> Anyway, thank you for the time to e me and the compliment. Many of those other venues have not always been "the best of moments for me or the audience"...
> If only i could share how big this Hydroelectric Backbone Concept is !
> You, your board, Chugach, the share holders, the union guys, could only gain more respect, recognition, and leadership if you would sponsor a Public Community wide Energy Forum !!
> While the rest of our Government is focused on Fossil Fuels, Chugach should be appointed as Head of Statewide Hydroelectric Maintenance, Overview, and Development, in doing so your people (board) need to go full time employees because you will be imersed full time in many directions (i will need to explain this)
> By publicly calling for an Energy Forum you will be able to spread your wings, educate the public of your capacities and should claim a leadership role to impliment a Hydroelectric Backbone Initiative...
> Look, Rebecca, it would really be nice to gather with some of your people informally and have an all day with pizza relaxed disscussion on Hydroelectric Future --
> You could record the meeting,, on a computer input (see YOur IT people) And you hold the recording. It is yours..i will sign a release if you need...I can say things you cannot. And that allows you to have cause to address or make startements due to..

Not only that, but it would give you guys a dry run at an open unpredictable public involvement forum--we could clean out all of the fuzzy talk
Then, instead of trying to remember all of the verbage, you can relax and go back to the recorded talk and review at your own pace,, (a computer input can be managed and sent much much better,,,its the only way to record !) or helll, set up a video cam with mikes,,so you can critique yourselves...and get the recording too..

I think Alaska is like a War-- You can have ONE great big army or you can have 2 or 3 armies moving in different theaters of operations,,, I think OIL AND GAS MENTALITY is Strangling ALASKAS REAL POTENTIAL.(the oil and gas boys have checkmated em and they are in denial).. But you could have theoretically 3to 5 simultaneous economies moving at the same time!
I wouold want to march with Hydro- Electric Force...You people are there, you just dont see your potential,,--its here, its humongous, and no matter what fossil fuels does you cannot lose.....Alaskas hydroelectric is its backbone! This backbone will, just as in your body allows a large body of activities to occur..

Thanks, Paul D. Kendall

> Paul – thank you for taking the time to care about our community. I see you at many different venues, giving public testimony, and I know that you truly care about what happens. I also know how frustrating it is to only have a certain amount of time to talk – I also spend lots of time in Juneau and before the assembly testifying and always wish that I had more time. It was good to hear your words tonight at the Chugach meeting.

Subject: THANK YOU! Re: Support Elementary School computer lab- Turnagain Elementary

Thank you so much not vetoeing support for the Turnagain Elementary computer lab!

The parents have tried fundraising, and it is expensive to bring an old school with no computer facilities or wiring even up to a point where one class at a time can use the computers. After a successful year of fundraising in 2006- 2007, we did finally have 20 computers for students at the school, but still not a complete set for a full class. We appreciate your support!

Thank you!
Gretchen Stoddard

Subject: Support Elementary School computer lab- Turnagain Elementary

Please do not veto money for the Turnagain Elementary school computer lab that is currently in SB 221.

I know there are a number of schools asking for computer money. Generally, I support this spending to bring technology to our children. I feel that computer skills are an area that will be critical for our children to learn. However, schools are going to find it difficult to allocate funds for computers because they are expensive, and these skills are not specifically tested on standardized tests. I feel this is not an area that parents can hold bake sales to buy computers for the schools, and it is unlikely that school districts will specificially allocate funds to this area. I think computers and learning software in the schools will improve the education of our children, and I hope the state will fund these areas.

Specifically, I support funding for Turnagain elementary and I recognize that we need government help to begin to bring these computers to my son's school. Our school is one of the oldest schools in Anchorage & probably one of the older schools still operating in Alaska. We have only a tiny fraction of the average number of computers in an Anchorage school. The parents have tried fundraising, and it is too expensive to bring an old school with no computer facilities or wiring even up to a point where one class at a time can use the computers. Last year, the parents group did fundraising activities & more fundraising activities. We successfully raised over $20,000, and we still don't have a full set of computers so that each student in a class can use the computer. These computers and reading

software sets are very popular with specialists or someone. After all this fundraising, my son's class was not able to schedule one session with the computers.

As I said before, I hope the state will fund these areas. Without state assistance, I don't see computers coming to my son's school until we have a bond package and I am not hopeful that will happen anytime soon.

Wow, this was the first time I have actually looked through all the appropriations in one of these bills. Good luck sorting that out!

-Gretchen

Subject: Fw: Media Advisory - Mayor to Propose Long-Term,Sustainable Energy Priorities for Alaska

Steve,

This morning our office sent you a fax from Mayor Begich's office (rec'd at 5:30 pm Friday) on energy priorities. Please see his media advisory for press conference tomorrow. Were you able to follow-up with his office? We want to make sure we're ahead on this.

Also, Governor – I did speak with David Ramseur this afternoon and told him about the timing of the fax.

Mayor to Propose Long-Term, Sustainable Energy Priorities for Alaska

Mayor Mark Begich will announce his long-term energy priorities for Alaska in response to Governor Palin's energy relief plan in the Mayor's Conference Room at City Hall, 11:30 a.m., Wednesday, May 28.

The mayor's recommendation to the state and legislature includes a four-part proposal to augment to the immediate emergency measure proposed by the governor and totals approximately $650 million.

Subject: Capital Budget Funding

Thank you for keeping the funding for West High, Romig and Turnagain Elementary in the capital budget. Hopefully next year we can get the funding for the library and the technology grant at West. I had a child at West this year, and two at Turnagain. Next year I will have a child at each of these schools. Your support of the schools is greatly appreciated.

Tracie Pierce
